EXPERIENCE

Front End

Website Portfolio

Vue js, API, HTML, CSS

One of the websites created with an industrial visit from PT WAN Teknologi Internasional.

Full Stack

Wikrama Mosque Website

HTML, CSS, PHP

This website is a year-end project. This website serves to facilitate donors who want to participate in making donations to the wikrama mosque online.

Full Stack

pharmacy website

Laravel

This pharmacy website contains admin and cashier, where the admin is given access permissions, while the cashier is only to handle order problems.
